LINCOLN AVENUE MACADAM CONSIDERED BY COMMITTEE

Appropriation for Improvement Was Made at Last City Meeting.

One of the most noticeable street im-One of the most noticeable street im-provements in the city, accomplished by Commissioner Fellows, is that of West Main street, which has been smoothed over, rolled and which has received an application of tarvia. The tarvia was then sanded and rolled again, and this has resulted in a most accompable surface and a hig improveoptable surface and a big improvement over the former condition. The highway has been completed excepting that lying between the top of West Main street hill and Elizabeth street. All the surface that has been finished s watertight and the gutters being cated with tarvia will be free in fu-ure from grass and weeds. As the Thames street improvement

not be undertaken this fall, holes been filled and a coat of tarvia been applied from a point near Richmond Radiator company to the ty line.
The committee held a meeting Fri-May to consider the matter of giving the street commissioner authority to macadam Lincoln avenue from Washington street to Uncas street, for which an appropriation of \$2.500 was made at the last annual adjourned city meeting, and for considering the matter of the improvement on Thames

Blue gravel has been applied to Asylum street its entire length and Elizabeth street from West Main street

to Mt. Pleasant, and Mt. Pleasan from Elizabeth street to West Main street. These streets were full of rolling stones and were badly washed. An improvement that meets with the approval of all is the straightening of sidewalk in front of the property Leonard O. Smith on Washington street. The new walk to be laid will be of granolithic construction and will be filled in and completed next week. Mr. Smith will set out trees on the green ying between the sidewalk and the street, which plot has been increased by the fact that Mr. Smith donated some of his property to the city for the new walk and the improvement of the grade
